

Little Deschutes Grange #939
Rosland Greenhouse Program
2026 Growing Food, Skills, and Community Campaign

Dear Grange Members,

We invite you to be part of an important decision that will shape La Pine's future.

Our Grange Rosland Greenhouse Program is a high-impact, low-risk investment in our people, our park, and our shared resilience. Through our Growing Food, Skills, and Community Campaign, we're building a program that strengthens food security, teaches practical skills, and creates lasting community pride—right here in our high-desert home.

The Rosland Greenhouse Program:

- One program and two projects: (1) The Greenhouse; (2) Outdoor Gardens
- Learning in cold-climate gardening, from seed to harvest
- Workshops on sustainability, food security, and environmental stewardship
- Partnering with the South County Collaborative (SCC) for a free summer camp for local youth
- School field trips
- Demonstration gardens, greenhouse tours, and annual Coop & Garden Tours
- Gardening sales events and other Grange fundraising opportunities
- A more welcoming, beautiful Rosland Park that reflects community care

Our program aligns directly with the National Grange mission—empowering individuals and families through education, service, and agricultural awareness while strengthening rural communities. Most importantly, this is more than a Greenhouse Program. It's a place where people learn, lead, and come together. A program the community will protect, promote, and take pride in for years to come.

Your Presence Matters:

Please attend the next Grange meeting on **Tuesday, January 20, 2026, at the Grange Hall, 51512 Morson St., La Pine, OR**. Learn more about our Rosland Gardening program.
